Available Options
- Powered air seal curtain to reduce heat loss
- Variable frequency drive for conveyor speed adjustability
- Guaranteed temperature uniformity & certification
- PLC controls
- Data acquisition and recording
- Many more options available upon request

Unequaled Standard Features
- Temperatures to 1400° F (760° C)
- Unlimited custom configurations
- Available in all fuel types and electric heated
- Available with our exclusive energy efficient E-Pack™ efficiency upgrade
- Multiple airflow arrangements to meet your production needs
- FM, NFPA & NEC compliant

Typical Applications
- Aluminum solution heat treatment
- Aluminum aging
- Annealing
- Baking
- Curing-adhesive, epoxy, wet paint, urethane, varnish, and more
- Drying
- Foundry processing
- Heat-shrinking
- Metal finishing
- Powder coating
- Preheating
- Pretreatment
- Stress relieving
- Tempering
- Thermoforming
- Wood drying
- Many more
