

# WISCONSIN OVEN

## ALUMINUM AGE OVENS

Over 50 Standard Sizes • Gas Fired (Indirect & Direct) or Electrically Heated

### **Premium Quality & Performance:**

Available in standard or high performance designs to meet your process requirements and your budget.

#### **Unsurpassed temperature uniformity:**

We perform uniformity testing on every age oven prior to shipment, ensuring consistent curing and part quality, reducing scrap and rework. Experts at AMS2750, BAC5620, and CQI-9 compliance.

**Scalable solutions:** We offer the widest range of ovens available for both batch and conveyorized aluminum aging, in every size imaginable.

**Energy efficiency:** Innovative, patented designs minimize energy consumption, lowering operating costs. E-Pack™ energy efficiency packages offered. Visit [www.oven-epack.com](http://www.oven-epack.com) for more info.

**Exceptional customer service:** Dedicated team provides comprehensive support, from pre-sale consultation to startup, training, and full turnkey installation.

**WOW™ Warranty:** Our ovens are built to last, standard oven lines are backed by our Exclusive and Unprecedented 3-Year or 5-Year warranty.

**DataSense**  
TECHNOLOGIES

Available with DataSense™ Technologies IoT Based Performance Monitoring System which allows us to remotely diagnose any technical issues, reducing downtime and improving operating efficiency. Optional data dashboards are available for user access.
